	Janine Jaede	0484629191
	Joy Richards	0455083700

We encourage you to contact different companies to compare prices and special offers.

It is recommended that you avoid purchasing your continence products from retail outlets such as chemists/pharmacies, as you may be paying considerably more. However, some items such as disinfectants, pads, hand sanitisers, creams and gels maybe cheaper when on special. Stock up if you find a bargain.

Keep records of your products, product codes, quantities, prices etc. to make your ordering easier.

Keep track of the expiry dates on your products and do not leave reordering to the last minute.
